

Position Title: Chief AI Officer (CAIO)

Location: Belgrade, Serbia (with potential for international collaboration)

Firm Overview:

Gecić Law is a leading full-service law firm recognized for its pioneering approach across Southeast Europe. With a diverse expertise in competition law, corporate/M&A, dispute resolution, and advanced sectors such as artificial intelligence (AI) and environmental, social, and governance (ESG), the firm is continuously redefining legal services in a dynamic regional market.

On our path to transforming legal services through technology, we are seeking a forward-thinking Chief AI Officer (CAIO) to guide us on our AI transformation journey.

Role Overview:

As the Chief AI Officer, you will lead the development and implementation of Gecić Law's AI strategy. In this pivotal role, you will oversee the integration of innovative AI tools to streamline legal processes, enhance client services, and drive progress in key areas like legal research, due diligence, and document automation.

Beyond internal operations, the CAIO will act as a vital consultant to clients, guiding them on the legal and ethical aspects of AI adoption, ensuring regulatory compliance, and developing AI-driven business strategies.

You will have a chance to lead cutting-edge projects that will significantly impact the intersection of law and technology.

Key Responsibilities:

- **AI Strategy Development:** Shape and lead Gecić Law's AI-driven initiatives, aligning with our commitment to innovation and excellence in client service.
- **Operational Integration:** Leverage AI to streamline legal research, case management, and data analytics, enhancing efficiency firm-wide.
- **Client Advisory:** Guide clients through AI's legal implications and opportunities, focusing on EU regulations and ethical practices while fostering strong, long-lasting relationships.
- **Cross-Disciplinary Leadership:** Collaborate closely with partners and practice leaders in areas such as competition law, M&A, and dispute resolution to integrate AI insights and tools, particularly in complex cross-border transactions.
- **Ethical AI Leadership:** Guide the firm's strategy on ethical AI, ensuring the responsible application of AI technologies in both client advisory services and internal operations.
- **Partnership Development:** Collaborate with external AI developers, legal tech firms, and industry stakeholders to ensure Gecić Law remains at the forefront of legal AI applications.

Qualifications:

- Proven experience in AI implementation and strategy, ideally within a legal or professional services environment.
- In-depth understanding of AI's role in law document automation, legal research, e-discovery, and its transformative potential.
- Familiarity with EU AI regulations and compliance requirements, particularly in competition law, data privacy, and ethical AI practices.
- Strong leadership and project management skills with the ability to drive innovation and change across multidisciplinary teams.
- Background in law or experience working with law firms is preferred, but we value visionary thinkers with a passion for technology.

Why Gecić Law?

This is your opportunity to lead the AI evolution within a premier law firm and actively shape the future of legal services.

At Gecić Law, we are committed to fostering innovation, and as our Chief AI Officer, you'll be at the forefront of groundbreaking AI initiatives that will redefine our client offerings and internal processes.

Join a dynamic team that embraces creativity, collaboration, and cutting-edge technology in a region ready to embrace new opportunities. Be part of a firm that not only values your expertise but also empowers you to make a tangible impact on the legal environment.

How to Apply:

Are you ready to lead the way in AI-driven legal innovation?

Send your CV and a cover letter detailing your AI experience and vision for the role to hr@geciclaw.com by October 31, 2024.
